

**Transportation Asset Management Council
Data Committee Agenda
February 27, 2008 1:30 p.m.
Michigan Township Association
512 Westshire Dr., Lansing, MI**

1. Call to order
2. Approval of January 30, 2007 Minutes
3. Correspondence and Announcements
4. Internet Reporting Tool Update
5. PASER Training Update
6. Resolution of the Boundary Roads Problem
7. Preliminary Analysis of the 2007 PASER Data
8. 2008 Budget & Local Road Ratings

Discussion of collection costs, funds allocated, and which local roads will be rated.

9. Submission & Review of Local Asset Management Plans

Public Act mandates “[MDOT], each county road commission, and each city and village [to] annually submit a report to the transportation asset management council [that] shall include a multiyear program developed through the asset management process.” The council has directed the Center for Geographic Information to implement an Internet Reporting Tool [IRT] and to train agencies in the use of the tool. The tool has been implemented and training is underway. But with 600 road agencies in the state, what steps shall the council take to review each multi-year program and to ensure that it meets the legal requirements defined in the act?

10. Council Communications with ACT 51 communities
